PRESS RELEASE

Luther advises LDROBOT on acquisition of SABO-Maschinenfabrik GmbH

Frankfurt, 9 October 2026 – Luther Rechtsanwaltsgesellschaft mbH has advised Shenzhen-based technology company LDROBOT on the acquisition of SABO-Maschinenfabrik GmbH, one of Germany's best-known manufacturers of premium lawn care equipment. Luther acted as German legal counsel, working alongside the Chinese law firm Zhong Lun.

LDROBOT has acquired all shares in SABO-Maschinenfabrik GmbH. Upon completion of the transaction, which is expected by the end of this year, SABO will become a wholly owned subsidiary of LDROBOT.

A specialised Luther team led by **Thorsten Becker** and **Andreas Kloyer** advised LDROBOT on the German-law aspects of the acquisition, working closely with Zhong Lun. The Chinese law firm coordinated the transaction on behalf of LDROBOT.

The transaction brings together SABO's more than 90 years of experience in the development and manufacture of high-quality lawn mowers and grounds care equipment with LDROBOT's expertise in robotics, sensor technology and artificial intelligence. In particular, the parties see significant growth potential in the rapidly expanding market for autonomous and robotic lawn care.

The transaction is subject to the customary closing conditions.

About LDROBOT

Shenzhen LDROBOT Co., Ltd., a stock corporation listed on the Hong Kong Stock Exchange (LDROBOT, 01236.HK), founded in 2017, is a technology company specialising in intelligent robotics and perception technologies. Its capabilities range from research and development in visual perception, sensor systems and artificial intelligence to the development and commercialisation of intelligent robotic products. Through its ANTHBOT brand, LDROBOT is also active in the growing market for autonomous lawn care.

About SABO-Maschinenfabrik GmbH

SABO-Maschinenfabrik GmbH, headquartered in Gummersbach near Cologne, has stood for premium garden technology "Made in Germany" for more than 90 years. The company develops and manufactures durable, high-performance equipment for private and

professional users, ranging from lawn mowers and scarifiers to lawn tractors, hand-held equipment and solutions for municipal applications.
